

Endura-Flo™

More than just extra pressure

High Pressure Diaphragm pump with Low Pulsation and Low Shear.

- ▶ Ideal for fluid transfer and supply, small paint circulation and piggable paint systems
- ▶ Easy access to critical components for easy maintenance and fast repair
- ▶ Redesigned diaphragm withstands runaway conditions better and ensures long lasting durability
- ▶ Improved diaphragm requires very little solvent to flush
- ▶ 360° mounting possibility
- ▶ Consistent start-up pressure
